

Sleepmaker®

Lumbar range

Goodnight Australia

Sleepy's
THE MATTRESS EXPERTS

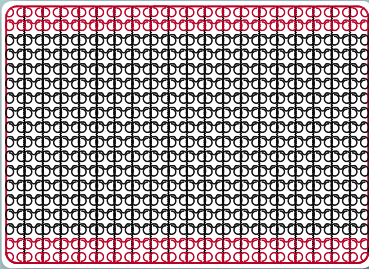

DURACOILPLUS[®]

The Lumbar range features the Duracoil Plus continuous coil system. Duracoil Plus is a reliable, proven technology which has been supporting Australians over the past 30 years.

Edge Support

The Duracoil Plus spring system has almost twice the coils of conventional spring systems, helping provide additional support in the lumbar area. The unique patented coil design delivers greater surface coverage than conventional springs. Firm Edge provides extra edge stability and extends the sleeping surface.

Ultra-Fresh Treated Foam

All foams are treated with Ultra-Fresh, which controls the growth of bacteria, mould, mildew and dust mites - A smart choice for asthma and allergy sufferers.

PowerFirm Base

PowerFirm Base provides unique mattress support to work in unison with the mattress, providing less motion transfer for undisturbed sleep.
