

Sleepmaker®

Posture Sleep range

Goodnight Australia

Sleepy's

THE MATTRESS EXPERTS

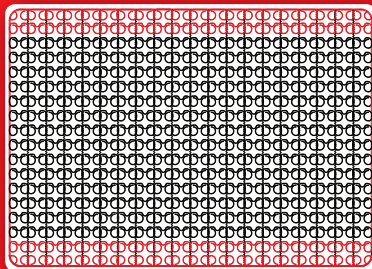

DURACOILPLUS®

The Posture Sleep range features the Duracoil Plus continuous coil system. Duracoil Plus is a reliable, proven technology which has been supporting Australians over the past 30 years.

Support System

The Duracoil Plus spring system has almost twice the coils of conventional spring systems, helping provide additional support in the lumbar area. The unique patented coil design delivers greater surface coverage than conventional springs. Firm Edge provides extra edge stability and extends the sleeping surface.

Comfort

Quality comfort layers and fabrics have been used to ensure a comfortable and durable sleep surface, so you can enjoy an amazing night's sleep for many years to come.

PowerFirm Base

PowerFirm Base provides unique mattress support to work in unison with the mattress, providing less motion transfer for undisturbed sleep.

Reduced Partner Disturbance

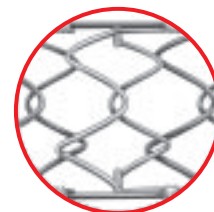

Unlike regular spring systems, Duracoil Plus mattress uses coils that runs down the length of the mattress. This helps disperse body pressure up and down the bed, instead of across the bed, reducing partner disturbance.

single	92cm x 188cm
