Perfect Sleeper range

Serta is one of the world's leading mattress brands and have earned this status through continued innovation over 70 years. Serta were the first mattress company to truly combine support with comfort and continue to do so today in the Perfect Sleeper Range.

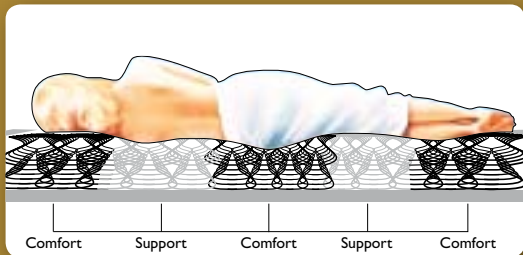

Serta were first to;

- Introduce quilted mattress covers
- Firm Edge Design to prevent roll off
- Challenge the belief that good beds must be hard... and won
- First to introduce Continuous Coil
- Fibre in quilted tops for initial softness and loft

Continuous Support Innerspring

The unique continuous coil design delivers proven support and greater surface coverage than a regular innerspring - Perfect for all shapes and sizes.

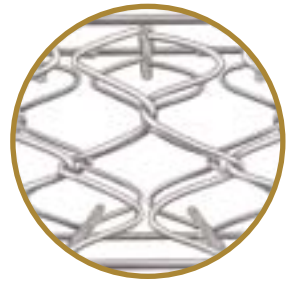

Serta is manufactured under license in Australia by Sleepmaker, a division of Pacific Brands.

COMFORT SERIES 400

- Cushion top design
- Premium stretch knit cover
- Wool blend quilt layers that help keep you warm in winter and cool in summer
- Medium foam comfort layers provide a firmer supportive sleep surface

Superior Edge Support

The foam encased innerspring not only reduces that 'roll out of bed' feeling but also delivers comfort all the way to the mattress edge.

Premium Fabric Cover

Heavyweight stretch fabric covers provide initial softness and allow the mattress comfort layers to conform to your body shape.

Ultra-Fresh

All foams are treated with Ultra-Fresh, which controls the growth of bacteria, mould, mildew and dust mites - A smart choice for asthma and allergy sufferers.

PowerFirm Plus Base System

All models within this range feature a PowerFirm Plus Base System that works in unison with the mattress and provides a stable sleeping foundation.

Corner Guards

The use of Corner Guards and castors provide mattress and base protection.

Less Partner Disturbance

Unlike traditional innersprings, the Continuous Support Innerspring transfers weight down the length of the mattress away from your sleeping partner, helping to reduce partner disturbance.

What's inside your bed?

A guide to bed sizes

Visco-Elastic Foam

Developed in Australia, this foam technology is also known as 'slow recovery' or 'memory' foam. The unique formulation allows it to conform to the shape of the body even in cool conditions. Unlike most Visco Elastic foams, it does not go hard in cool conditions, providing instant comfort without the need for body heat to soften it.

Key Benefits

- **No Partner Disturbance**
